SUMMARY

Results-driven IT professional with expertise in technical support, infrastructure access management, and DevOps. Skilled in root cause analysis, remote troubleshooting, and Active Directory administration, with proven ability to deliver technical solutions to non-technical users. Adept at improving service efficiency, reducing downtime, and ensuring compliance across enterprise systems.

WORK EXPERIENCE

DXC Technology

March, 2025 – Present

Infrastructure Analyst III

- Provisioned secure access for 200+ end-users across CDK, Cisco, and VPN applications, ensuring compliance with security policies.
- Delivered Tier 1–2 technical support via chat and email, achieving 95% SLA resolution rate.
- Managed Service Workspace (SOW) tickets, reducing backlog by 30% through proactive prioritization.
- Administered Microsoft EntraID Azure group policies (Add/Remove users), improving onboarding efficiency by 20%.
- Provided remote troubleshooting via Datto or NinjaOne for O365 and printers, cutting downtime by an average of 15 minutes per incident.
- Performed Active Directory account unlocks, restoring secure access within minutes and reducing downtime by 20%.
- Assisted colleagues with ticket escalations, contributing to a 15% improvement in team efficiency.

Trend Micro

Nov, 2021 – May, 2024

Associate DevOps Platform Engineer

- Supported global end-users via phone, email, and chat, achieving a 90% first-contact resolution rate.
- Conducted root cause analysis on recurring technical issues, reducing repeat incidents by 25%.
- Delivered cross-platform remote assistance (Windows, MacOS), improving customer satisfaction scores by 18%.
- Executed virus removal and software installation/configuration, safeguarding 500+ devices from malware threats.
- Applied advanced troubleshooting skills to complex cases, consistently exceeding performance metrics.

Concentrix

Aug, 2021 – Nov, 2021

Technical Support Representative

- Handled 50+ daily inbound calls, resolving connectivity and software issues with step-by-step troubleshooting.
- Maintained a 95% customer satisfaction rating through technical expertise and empathetic communication.
- Promoted new services and plans, contributing to a 10% increase in upsell conversions.

Sitel Technopoint

Nov, 2019 – Oct, 2020

Sales Representative

- Managed acquisition and retention of customer accounts, consistently meeting profitability targets.
- Executed upsell and cross-sell strategies, increasing average revenue per account by 12%.
- Built strong client relationships, resulting in repeat business and improved customer loyalty scores.
